## Christ in the Passover

What do the Jewish Passover and Jesus' last supper have in common. Rob Wertheim with Jews for Jesus will answer that question as he presents "Christ in the Passover" at our church Thursday evening March 18 at 7:00 pm. You will gain wonderful insights on how the pieces of God's plan of salvation fit together and you'll remember this visual display of the Passover pageantry for years to come.

Rob will set a table with the items traditionally used at the Passover meal and detail their spiritual significance. He will also explain the connection between the events of the first Passover and the redemption that Jesus accomplished.

Please call Pastor John for more information. We hope you will plan now to be here Thursday March 18 for this special presentation.

## Random Acts of Kindness

Taylor Marie Crabtree (age seven) started a business called TayBear Company. She makes and sells hand painted hair clips at local stores. Taylor was going to buy teddy bears for children with cancer. She wanted them to have something special to hug and to hug them back. She set her goal at 500 teddy bears.

The media picked up on Taylor's project and our community has embraced her efforts. But help has come from far beyond our little community. She has also expanded her project to include over 100 other children (including special needs kids) as helpers. Taylor wanted other kids to feel that they too were capable of helping others in their own way. Along the way she also raised her goal to 700 teddy bears.

What is truly amazing is that she has sold over 1,000 hair clips. She buys supplies over the Internet and she has been very clear that none of this is about her but about helping the kids with cancer.

Taylor has been touched by so many people on her journey. Each day after selling, Taylor and her helpers talk about the people who had touched their hearts. Maybe it was the homeless man that had donated 11 cents and was surprised when he was told that was plenty of money to buy a hair clip. He and Taylor stood together choosing just the right hair clip for his lady friend. With each hair clip or donation has come so many memories and a realization that when working toward a goal from your heart, the journey too is part of the experience. Taylor once told me "how could people not see Angels, they're everywhere."

On a recent trip to the Cancer Center, Taylor was giving an art class on making hair clips. She met so many very sick kids. On the drive home she talked of Breanne, a three year old girl who had one eye removed in order to reach a cancerous tumor in her brain. Taylor enjoyed meeting her and talked about Breanne's beautiful smile and personality. Taylor stopped talking for a moment and then said "I really hope she likes my bear."
